

## **The Library of Cultures Association**

The Library of Cultures Association sponsors the intercultural library in Frauenfeld. This library aims to contribute to integration by supporting the language and reading skills of people who live with two or more languages, particularly children and adolescents. We offer books in the following languages: Albanian, Arabian, Chinese, German, English, French, Italian, Croatian, Portuguese, Russian, Slovenian, Spanish, Tamil, Tigrinya, Thai Hungarian and Turkish.

The library is also a meeting place for people of all languages and offers diverse events (storytelling and game afternoons, readings, etc.) to encourage intercultural exchange.

The library is affiliated with the Interbiblio association ([www.interbiblio.ch](http://www.interbiblio.ch)), which coordinates the activities of intercultural libraries in Switzerland.
